

Self-Esteem & Positive Qualities Inventory

Greater Nashua Mental Health Center

Instructions: Low self-esteem narrows attention to faults and discounts strengths. This inventory helps you build a fairer, evidence-based view of yourself. If it feels hard, that's common — start small and be honest.

Positive qualities inventory

List strengths, traits, skills, and values you have. If stuck, think how a good friend would describe you.

Evidence for my strengths

A time I showed one of these qualities (what I did and the result):

Reframing the inner critic

A harsh thing I say to myself:

What I'd say to a friend who believed that about themselves:

Affirmations I can believe

Write 2–3 realistic, kind statements about yourself (not hype — things you can actually accept):
